# SNOW CONE KIT / SCK800

The SNOW CONE KIT from Nostalgia Electrics™ is a fun and easy way to make sweet and refreshing snow cones. This kit works great with the Nostalgia Electrics™ brand snow cone makers. Kit includes:

- 30 Paper Snow Cone Cups
- 30 Spoon Straws
- 1 – 16 oz. Flip Top Dispenser Bottle
- 1 – 2 oz. Blue Raspberry Flavor Concentrate
- 1 – 2 oz. Red Cherry Flavor Concentrate

## HOW TO MAKE FLAVORED SYRUP FOR SNOW CONES

You will need the following:

- Measuring Cup
- Measuring Spoons
- Small Funnel (you can improvise this)

To mix ingredients in the 16 oz. Flip Top Dispenser Bottle included in your kit:

1. Add ¼ cup of granulated sugar (more or less to your taste).
2. Add 1 tablespoon (½ oz.) of flavor concentrate powder.
3. Slowly fill the bottle half full of water (or enough water to wet the dry ingredients and begin mixing).
4. Replace the cap and shake. **MAKE SURE THE CAP IS CLOSED WHILE SHAKING THE INGREDIENTS TO MIX!**
5. When the ingredients are wet and mixed, add warm water to the bottle to fill completely.
6. Continue to shake to ensure the ingredients are sufficiently blended.
7. Flip open the top on the cap to squirt the snow cone flavor on shaved ice in the snow cone cups.
8. Enjoy!

## HELPFUL TIPS

- The shelf life is approximately 18 months if the product is stored between 55° – 70° F and maximum relative humidity of 70%.
- We recommend you keep the flavored syrup refrigerated after mixing and between uses (the flavored syrup should keep for 1 – 1½ weeks if refrigerated).
